on to the effect that arrangements have been completed for the construction of the Camera Pacific Railway, was no doubt to the people of British Columbia one of the most gratifying announcements that could have been made. It was an earnest that our days of isolation from the eastern parts of the Dominion are about numbered, and that the time is not far distant in the future when our solitary places shall be made glad with the sounds of Thire industry, and our plains and valleys become the highways over which will pass a very large proportion of the commerce of the world. The same telegram tells us one million dollars are ready to be subscribed by the way of a guarantee to the Government that the Railway Company, to whom the charter ie to be given, mean to put this gigantie work through with all possible speed Indeed, if they begin it all, the sooner it is put through the better will it be for the public at large as well as for those who have taken stock in the esterprise. Among the most prominent, we presume, of the members of the new railway company, is Sir Hugh Allan, the wealthy steamship proprietor, of Montreal. In addressing a meeting held in the town of Peterborough, Ontario, only a few weeks ago, this gentleman is rederted to have said, "I propose to build a railway from the Atlantic to the Pa cific." He was at the time addressing the people of that town in behalf of the Ontario and Quebec railway-a project to unite Toronto and Ottawa by a direct line, which is also to proceed from the Dominion capital to the seaboard, by the way of Montreal and Queber, by the Ottawa Valley and the North Shore While he was on his feet, it was quite natural that he should advert to the larger enterprise which he is promoting; and he did so with characcristic determination and directness. He is said to have left no doubt in the minds of his hearers on the occasion referred to. He said he felt an obligation to build the Pacific railway, and that it must be done. Yet it seemed that Sir Hugh laid much more stress upon the importance of constructing two lines through the interior of Ontario, with the View of gaining the western trade. One was the line he was advocating before the people of Peterborough, and which in addition to the connection made at Torcato with the Great Western rail-Georgian Bay, to intercept the western trade coming down Lake Michigan and Lake Huron. The other would run up the Ottawa River a handred miles and then strike across the Sault Ste Marie, there to connect with the Northern Pacific. Sir Hugh was quite confident that with proper enterprise and energy Canada could control the entire trade of that section of the confinent, because western produce could reach the sea as quickly and cheaply by any other route. For that he orged Canadians to be true to themselves, and to escure the prize that was within their reach. The peculiar conditions under which the Pacific Railway bill was passed, and the extensive powers it has conferred upon the Government, bave attracted contractors, capitalists and politicians, who anticipate large gains, legitimate and illegitimate, out of the offie. It can be made a bona fide enterprise, or it can be used as a means of the most extensive political corruption: but we have every confidence in the good faith of the Government, that they will se order matters as to ensure honesty of purpose both in the composition of the sompany and in the administration of its sfairs. The rivalry, real or assumed, of what has been known as the Toronto and Montreal rings, having prevented a solidation of capitalists from the two cities, the Government has taken the matter in hand, and under the extraordin- At their Salesroom Wharf St. ary powers given them by statute have. taken steps to form a distinct company, Tuesday, Feb. 11th, and have parcelled out the stock to the several Provinces. According to this arrangement Outario capitalists will have to subscribe \$3,800,000, Quebec \$3,000,000, and the remainder of the required ten millions will be taken up by from London, Two Cases of the other Provinces. According to the TOYS AND FANCY GOODS, J. W. WILLIAMS, Act only one million in cash is required Comprising for the commencement of the undertaking. and that, we presome, has by this time been paid over to the proper parties authorized to receive the same. The conatruction of this gigantic work will necessitate the introduction of a larger amount of English capital, and if this be wisely expended extensive and immediate benefit may confidently be anticipated, Faucy Goods too numerous to mention. throughout the entire length of the line It is roughly estimated that about thirty millions dollars will be required to construct the line through British Columbia and it is just such an expenditure of money as this that is required to give this country a start in the world, and to

lay for it a solid foundation for the future.

FIRST PARLIAMENT OF BRITISH COLUMBIA.

Second Session.

THURSDAY, Feb. 5, 1873.

The House met at two p. m. Hon. mem-

Mr. Humphreys called up the STANDARD as usual, and administered a scathing (?) re-buke. He lustanced a "paragraph" on the Sunday Bill, in which it was stated the fouse dealt unseemly with the bill. If these things were done again, he would move that the reporter of this paper be expelled the House. He said again, he boped this sort of thing would not occur.

WRITS OF EXECUTION. Mr. Bunster was granted leave to introduce a bill to exempt from the operation of writs of execution certain goods and chattels. Read a first time; second reading on Monday. PUBLIC ACCOUNTS.

Mr. Smith dropped resolution with regard to the appointment of a committee to audit the public accounts. The Government, he remarked, was about to send down full

Mr. Bunster to move that British subjects on San Juan Island be allowed to import their goods and chattels duty free. THE REPORT OF COMMITTEE OF SUPPLY

was adopted.

Mr. Holbrook again strongly advocated the claims of Mr. Claudet, the Stipendiary Magistrate of New Westminster. The gentleman was much wanted in the district, and a pub-lic meeting passed resolutions calling upon the Government to have him retained. He would move the recousideration of the New Westminster item.

Hon. Mr. DeCosmos said it was the duty of the Assembly to deal with the office, and of the Executive to deal with the incumbent, man. If the bon, gentleman had any memor-ial to make he had better send it in to the Provincial Secretary, but the Government could not entertain a recommittal of the item.
How Mr. Armstrong had to do his duty the gent eman, for whom he had every re-spect, would be retained in some way, either to carry on the assay business on his own secount, or in some public position. But

Province, and no distinctions should be Mr. Holbrook said it would be found the service become worse than on the other side. The Government would be called to account.

The item passed. With regard to the item of \$10,000 for survey, Mr. Beaven said the intention was to survey certain districts in blocks, as in the other Provinces. The Colonist report d him incorrectly, and he should have risen to a question of privilege. It was the intention to let out the surveys by contract; the Gov-ernme t believed in the contract principle. [Hear, hear.]

go into debt on their account. (Hear).

Hon Mr. Beaven said the Government was ully alive to the district, but it is not justified to go further at present than the provis-ion made. It would be unwise, in view of the railroad, to tax the country for roads. The Government is not so well provided with

The Government is not so well provided with funds as was the government of last year.

Mr. Barntton was also through this section and he wanted his say as well as other hon, members. He did not see how it was possible to build this Spilmacheen road for \$700, if it were, as stated by the member for L llooet, a dense forest. But he thought Yale district was doing tolerably well.

The member for Lillooet explained.

Lillooet District—Roads, trails and ferry, \$8,000.

Hope and Kootenay -\$2,500. Hon. Chief C mmissioner explained that repairs were wanted on the trail from Fort Shepherd to Wi'd Horse creek, and that \$2;-500 would be sufficient for this purpose.

flon members for Yale differed with the latter hon, gentleman. Hope and Osoyos trail should be provided for. Mr. Smith would leave the matter to be rovided for in the Supplamentry Estimates.

Victoria District Roads, \$7,500. Hon Chief Commissioner explained for Mr. Bunster's satisfaction that last year \$15,200 was voted, \$14,134 expended on roads, so much for Mr. Bunster's assertion, that the district was "bilked." It was now proposed to expend \$2,000 on the road from RoyalOak to Simpsons, thence to Ryan's, \$2,000; thence to Wain's \$250; \$500 from Nicholea's to Burnside;\$200 cem. bridge; \$100 on Moss st. \$2,500 for general repairs to roads in the

district, etc. Passed. Mr. Bauster thought the amount not sufficient for this important district, and be urged a much larger expenditure, Hon. Mr. Walkem said he was complimen

ted by the hon, gentleman for the manner in which the Government stood by his district. How could it be expected that the same smounts should be expended year after year Hon. Mr. DeCosmos considered the district had been treated as well as other districts, considering that other and new districts had to be looked after. The distribution of road money was fair considering the financial

retrenchment was carried on throughout the district. The Government would be prepared

> to interfere with the Nanaimo district at all. He distinctly objected to take \$1,000 from so small an amount as \$4,000. Passed.

> Cowichan R.ads-\$4,000. It is proposed to expend as follows: \$200 on logs in Cowichan river; \$100 on Map e Bay road; \$300 Somenos to Cowichan; Cowichan \$300: from Mariner's to Harris' Kokisolah to Harris'- bemanius road \$400; \$2,000 on roads to principal landings

Mr. Smith was informed that the road tax was included in the \$4 000. He argued that the Island districts were treated unjustly in this respect, seeing th t road tax is not collected on the Mainland. He held that the district had a right to its road tax in addition to the \$4,000. The Hon. Premier replied.

Mr. Booth spoke with regard to the road tax matter ; he asked that fair play be extended to every district. Hon. Chief Commissioner stated that proision was made for the Nanaimo and Che-

mainus trail. Sait Spring Island Roads -\$1,000 Passed. Comos-Roads, etc., \$2,000 Passed. Exploration, Omineca District-\$1,500.

Total amount on roads, trails and bridges, \$87 950.

The following items passed : Agricultural Societies. \$6.0; destruction of wolves and pant iers, \$350. Mr. Barnston would move to add bears,

grizzlies in particular. Hon, gentlemen were not agreed upon the advisability of including all sorts of bears, considering the value of the skin and carcass of "bars," was sufficient inducement to destroy several of the species. Some bear tales were narrated for the edification of the committee Some Lon. gentlemen suggested to

add carotes. Irem passed, on the understanding that bears and cayotes be embraced.

Insurance of Government Buildings—\$850 grain of mustard seed, sown in 1717, at the Mr. Robson censured the Government in onnection with the erection of the Government House stables, destroyed by fire money was lost to the Province.

The following items passed without comment: Telegrams, \$500; Postage, \$1,200; Fire Department, Cariboo, \$500; Mechanics' In-stitute, Victoria, \$300; do, New Westminster, \$250 ; do. Nanaimo, \$250 ; do. Cariboo, \$250 ; Miscellaneous Services not detailed, \$2,000; Stationery, f.el, and light,

to their salaries, or were improvident, that was their own look out.

Mr. McCreight again regretted that so many removals had been made, for reasons before given, but that is done with. The analogy used of comparing private with public servants is not fair or just. The community is not lojured if a servant of a private person is turned out of place; the community, on the contrary, may be injuriously affected by turning away its public officers. It is important that the status and morale be increased. Don't increase the mischief by increased. Mr. Banster supported the Government and his hon. colleague on the item, notwithfor retrenehment for years, and now that 30 officials had been discharged, it was only right they should receive compensation.

LEGAL PROPESSIONS ACT .- This Bill, now before the Legislature, provides, among other things, that attorneys and solicitors, having racticed in the Supreme Court of the Province for two years, shall be called to the bar by the Court on passing examination. Barristers shall be allowed to practice as at torneys and solicitors. A fee of \$100 shall be paid on admission, to be appropriated towards a law library for the use of the bar risters, and to be attached to the Supreme Court. A further fee of \$10 per annum shall be paid by each towards the support of the library. The library shall be vested in trustees; be regulated by three barristers, chosen annually. The Court shall have the usual control over the barristers; the Registear shall keep a roll, to which each member of the bar shall subscribe his name as evidence of status. That barristers from other Courts ountries or Provinces, duly admitted to the bar of British Columbia, under the atoresaid Art, "The Legal Professions Act 1863," shall be entitled to the use and privileges o the said library, on subscribing to the roll aforesaid, and becoming members of the bar of British Columbia and the terms and conditions and the payment of the fees in these rules prescribed, otherwise not.

MASONIC MEMBERSHIP .- It is estimated that the membership in the United States numbers 500,000. HOLLOWAY'S

WONDERFUL CURE OF ASTHMA OF 18 YEARS STANDING

Copy of a Letter from Mr. Ferdinand Mc Devett Iunkeeper & Gircer, Glonties, Co. Donegal, duted 4th March, 1861.

Sir,-I suffered from asthma for 18 years, accompanied with great difficulty of breathing, and severe cough with spit-Piles. At different times I was treated ffeeted parts in warm water, drying, and by most skilful physicians, and was at immediately applying this soothing Oint-ment. The same procedure applies equ-care;—as a last resource, I was induced? to use your Pills and Ointment, and in the short space of a fortnight could walk about, and am now perfectly cured, to the astonishment of all who knew me.

> BLOOD TO THE HEAD WITH SIDDINESS. Copy of a letter from Mrs. Mary Foster, Haif Moon Street, Totness, dated March 16th 1861.

To Professor Holloway.

Sir,-For many years I suffered periodically headache, and giddiness in the head, to such a degree that at times I have was completely cured. Mrs. Donnel, Chemist, of Totness, can vouch for the truth of the above statement.

COMPLAINTS OF WOMEN AND CHILDREN, add The very mild and painless action of these invaluable Pills, recommends them to every household as a remedy for the early departures from health. Any mother er, nurse, or young person guided by the direction which accompany each box of Holleway's Pills, has at once available means for checking disease, qualifying the blood, and expelling from the system all By rubbing the Ointment round the gross humors. They are, indeed, at all flected parts, it penetrates to the tissues ages, the tried femules friend.

DISORDERS OF THE KIDNEYS & OTHER IN-

Loss of appetite and flatuleary are usually the forerunners of stomachie disease. There famous Pills exercise the most salutary power in all affections of the liver, and irregularities of the stomach and bowels; they restore a healtny fame-This class of complaint yields without tion to every internal organ, overcome

THE ACTION OF THE KIDNEYS & OTHER IN-TERNAL ORGANS.

The immediate loss of muscular strength and nervous energy is more particularly remarkable in renal than in most other, diseases. Their deficient action for one day suffices to produce fever, hence the necessity for prompt and efficient treatment. Holloway's Pills have the great merit of restoring any suspended or diminished secretion, and of relieving any nflummation or congestion in the splees, kidneys, or other subsidiary organs.

The tight, suffocating, anxious feeling caused by derangement of the heart, makes the sufferer look on present death as imminent. Holloway's Pills browen effici at and ready remedy when the dis-sturbed circulation depends on indigestion flatulency, or debilitated nervous viger. Persons suffering from disturbance of the heart should take about six of these Pills two or three times a week, according to circumstances, to arrest the too attite

tion of the heart. WEAKNESS, LANGOUR AND DEBILITY.

These famous Pills will immediately remove all symptoms of debility, langour and weakness as they act upon the main springs of life, and thus save thousands from premature grave.

Holloway's Pills are the best remedy known the world for the following diseases:-

Inflammation Jaundice Bilious Complaints Liver Complaints Biotches on the Skin Lumbago Bowel Complaints Piles Rheumatism Constipation of the Retention of Urine Scrofula, or King's Bowels Consumption Evil Fore Throats Debility Dropsy Stone and Gravel Secondary Symptoms Dysentery Erysipelas Tic-Douloureux Female Irregularities Tomours Fevers of all kinds Fits
